# ABOUT ME

## MES DÉBUTS

**Entrainée à l'âge de 14 dans le monde de la photo, du spectacle et des défilés, je me passionne vite pour le maquillage.**

**Après un CAP esthétique, je décide de me lancer en tant que maquilleuse.**

**Je vis tantôt en Martinique, tantôt en Bretagne ou encore en Guyane, ce qui m'a donné l'occasion de m'entraîner sur toutes les carnations.**

**J'ai travaillé chez Make Up For Ever et également Mac Cosmetics à Cayenne, qui en parallèle de mon entreprise, m'ont permis d'acquérir de précieuses compétences.**

## MY BEGINNINGS

Having been drawn into the world of photography, performance, and runway shows at the age of 14, I quickly developed a passion for makeup.

After earning a vocational certificate in beauty, I decided to pursue my career as a makeup artist.

I live in Martinique, Brittany, and French Guiana, which gave me the opportunity to practice on all skin tones.

I worked at Make Up For Ever and also Mac Cosmetics in Cayenne, which, alongside my own business, allowed me to acquire valuable skills.

## CAREER AND GOALS

I put these skills to the test daily with my clients. I can work in different environments and on different types of projects, thanks to my expertise in beauty and artistic makeup. I love working in a team!

To give my career a new lease on life, I want to train in film makeup, in order to work more in this field and also explore the world of runway shows, two worlds I've only touched on so far!

## MA CARRIÈRE ET MES OBJECTIFS

**Je mets ces compétences à l'épreuve au quotidien avec ma clientèle. Je peux travailler sur différents terrains et pour différents types de projets, grâce à mon savoir faire en maquillage beauté et en maquillage artistique.**

**J'adore travailler en équipe !**

**Pour donner un nouveau souffle à ma carrière, je souhaite me former aux maquillages cinéma, afin de travailler davantage dans ce milieu et approcher également le monde des défilés, deux univers que je n'ai fais que survoler pour l'instant !**
